Hello all, I just received this info for a possible march on Saturday. This group is not cooperating with our Special Events unit. We do not know if they are going to just rally at the park, or march some place. Our Special Events Unit and Central assets will be monitoring the group. Just a heads up. Mike

Subject: PEOPLE'S CLIMATE MARCH IN LOS ANGELES-WAR IS NOT GREEN

Multiple crises are threatening the people of our communities, our country, and our world, and menacing our very planet. Military and climate wars are destroying lives and the environment, and creating enormous flows of desperate refugees. Violent racism, Islamophobia, misogyny, homophobia and other hatreds are rising. **Show up for peace and justice. Rise, Love and Resist with us this day**
